

BluePrint Data Vision and Mission

VISION and MISSION

BluePrint Data's vision is an Internet that is free from security threats resulting in a safe and secure Internet that provides employees and adults a resource rich learning and information environment that improves their productivity and enriches their intellectual development. For children our vision is an Internet that is safe and nurturing, that fosters a love of learning and knowledge, and provides a positive uplifting and loving environment.

BluePrint Data's mission is;

1. To provide the best possible Internet Technology Security Products and services.
2. To provide exceptional quality Internet experiences for adults and employees as well as children and families.

We will strive to grow our revenues and profits a minimum of 50% on an annual basis. Our growth will be ensured by our uncompromising focus on adding value to each assignment entrusted to us. We will attain this by:

- Being the best in understanding (and not deviating from) client requirements.
- Being the most efficient and effective in finding, attracting and retaining skilled, talented and reliable IT and Business professionals.
- Creating a learning environment and daring our people into new areas of technology even at the risk of making mistakes and failing; but being the quickest in assimilating new technology.
- Becoming a nursery of creative brains and providing an environment where futuristic ideas are born and path-breaking ideas are converted into reality.
- Being a "Thinking HR Organization", where we carve successful leaders out of our people and nurture creative patterns of collective learning.
- Consistently exceeding clients' expectation through attention to detail, timely follow through and commitment to excellence.
- Establishing a "business partner" relationship with our clients where we are the "preferred choice" to provide them with information technology solutions.
- To honor and respect ourselves, or coworkers, partners, customers, neighbors and all humankind and treat each of them as we would like to be treated
